To,

Respected Sir/Madam

We, developers of Educational software solutions, have developed unique educational software named as "HOME PRACTICE". It is recognized by top IIT professionals, teachers, students about its quality i.e. regarding syllabus (data content) and teaching methodology & hence has received good response. This software is shipped in form of DVDs & ONLINE in which all subjects i.e. PHY, CHEM, BIO, and MATHS. is included.

Its based on GSP (GRASPING, SELF STUDY, PRACTICE) technique, where we provide practice solutions under one platform for students, which guarantees high success rate. We are anxious to serve the student fraternity of your organization/ institution more particularly 11<sup>th</sup> & 12<sup>th</sup> Sci students. The software "HOME PRACTICE" would be of immense help to the students at this stage as they would be taking recourse to different potential avenues like Engineering, Medicines etc. based on the performance of the students in competitive examination like MHT-CET, NEET, JEE, and etc. We honestly believe that "HOME PRACTICE" is designed to simplify the mode of study is result oriented within a short span of time.

We would pleased to take quality of education to higher level & thereby contribute to the common cause of nurturing the talents of the students & hence make the future of country more promising.

We anxiously look forward for your favorable response.

Thanking You,

N.R.Waghmare  
M.D.
